

MILLIKEN

How to obtain an Eco360 certificate

Follow these four easy steps to obtain your Eco360 certificate.

1. All certificates must be requested through the carbon registry using this e-mail address:

eco-certificate@milliken.com

2. We must have the following information on each project:

Project Name

Project Location

Sales Person

Exact yardage

Please include your contact information

3. The certificate will be printed and delivered via US Mail to you.

4. The information printed on the certificate will be: Customer Name, project location, and registry number.
